

## TAFT UPHOLDS THE TARIFF SCHEDULE ENUMERATES GOOD QUALITIES OF THE MEASURE

### CONSUL GENERAL OF JAPAN INJURED AT HONOLULU

(By Associated Press.)  
HONOLULU, Sept. 17.—Consul General S. Uyeno, of Japan, is seriously injured and his coachman is thought to be dying, as the result of an accident last night when his carriage was struck by an automobile in the suburbs. Both were conveyed to the Japanese hospital in an unconscious condition. The consul received serious injury to his spine and is unable to make a statement.

### MURDER AND SUICIDE MYSTERY IN LOS ANGELES

(By Associated Press.)  
LOS ANGELES, Sept. 17.—Robert Baker, a bartender, tonight shot and killed Alexander Newland at a road house on Stevenson avenue, then turned the weapon on himself and put a bullet in his head, dying almost instantly. The police thus far know no reason for the murder and suicide.

### FIVE YEAR SENTENCE FOR STEALING 15 CENTS

(By Associated Press.)  
SAN FRANCISCO, Sept. 17.—John A. Lunter, who on July 15 last snatched a woman's purse containing 15 cents, was today sentenced to five years at hard labor by Judge Deane.

## SAYS IT IS THE BEST TARIFF BILL THE AMERICAN PEOPLE HAVE EVER KNOWN.

### GOV. JOHNSON IS BEYOND HOPE OF RECOVERY

(By Associated Press.)  
ROCHESTER, Minn., Sept. 17.—After a day of apparent improvement, Governor Johnson tonight is at death's door, with no encouragement given by the physicians that he would live through the night. Shortly after 3 o'clock this afternoon the governor suffered a relapse and Mrs. Johnson was hastily summoned. The doctors refuse to hold out any encouragement of a successful termination, even should the governor survive the night.

### YELLOWSTONE IS HAVING A RUSH

The extremely rich sample of gold ore recently brought to town from Yellowstone, situated 30 miles south of this place, still continues to attract considerable attention and many have gone to the camp to inspect the properties where the rich rock came from and to locate properties. George Becker, who is interested with Roach and Campbell in the property where the new strike was made, left for the camp yesterday morning to inspect the claim from which such fabulous ore is being taken. A number of persons who have returned from Yellowstone and who have seen the showings there, believe that another great district has been discovered with ore so rich in gold that it almost seems like exaggeration to speak of it. However, the prospectors in camp are digging industriously and other sensational finds may be looked for at any time. It was not until a depth of 25 feet had been reached on the Yellowstone Addition claim, where the recent strike was made, that the owners disclosed the ore. At that depth the ledge is five feet wide, with every indication of being permanent. On one of the walls of this big vein occurs the extremely rich ore that has started a stampede to the camp.—Winnemucca Star.

### HEAVY FINE IMPOSED ON OREGON RANCHMAN

Judge C. E. Wolverton of the United States district court on Monday of last week denied the motion for a new trial in the case against William Hanley, manager of the "P" ranch, in Harney county, Oregon, who was found guilty last May of illegally enclosing government land, and on last Wednesday he imposed a sentence of \$500 fine and costs on Hanley, which will altogether amount to about \$4000.

### AMARGOSA LEASING COMPANY IS INCORPORATED

Articles of incorporation were yesterday filed at the county clerk's office by the Amargosa Mining and Leasing company, which names its principal office at Beatty. The company has a capitalization of \$500,000, with the same number of shares at a par value of \$1 each. The incorporators are Chaloner B. Schley, James C. Connor and Victor W. Hangerford.

### One Too Low Grade

There was a draft of nearly all the employes at the Chollar yesterday, and a number of the men left last evening to seek employment elsewhere. A few miners will be kept at work prospecting. The ore has been of too low a grade recently to work at a profit.—Virginia Enterprise.

### Asserts that the Insurgents Who Voted Against Payne Have Abandoned the Republican Party.

(By Associated Press.)  
WINONA, Minn., Sept. 17.—In the most important utterance he has made since his occupancy of the White House, Taft tonight defended the Aldrich-Payne tariff bill as the best measure ever passed by a republican congress, hence the best tariff the people have ever known. He boldly asserted that the insurgents who voted against the bill had abandoned the republican party. To his opening remarks the crowd responded with loud cheers, and in reviewing the work of the house and senate during the special session, Taft said: "One way of stating what was done is to say what the facts show. Under the Dingley law there were 2024 items. This included the dutiable items only. The Payne law leaves 1150 of these items unchanged. There are decreased duties on 654 items, and increases on 220. That doesn't give the full picture, but it does show the proportion of decreases to have been three times those of the increases. "In order to determine the importance of the changes, it is much fairer to take the articles on which the duty has been reduced and those on which the rates have been increased, and then determine from the statistics how large a part of the articles upon which the duties have been reached in reduction, play in the consumption of the country and how large a part those upon which the duties have been increased play. "Such a table has been prepared by Payne, than whom none understand better what the tariff is. For instance, take schedule 'C' of metals, and their manufactures. The amount to which such articles entered into the consumption of the country is \$11,248,000, whereas the articles on the same schedule on which there have been increases enter into the consumption of the country to the extent of only \$11,000,000." In his comparison, Taft gave the following figures: On lumber, decrease \$566,000,000, increase \$31,000,000; agricultural products, decrease 483,000,000, increase 400,000,000; sundries, decrease 1,719,000,000 increase 101,000,000. Taft declared that the increases were made mostly on luxuries. In recapitulating he said: "This statement shows conclusively that there was downward revision on articles entering into general consumption, or which can be termed necessities, for a proportion of \$5,000,000,000, representing the consumption of articles to which decreases are applied, to less than \$300,000,000 of articles of necessity to which increases are applied."

### DEATH SUMMONS MRS. ED BUSCH OF RHYOLITE

### BRIDE OF SIX WEEKS PASSES AWAY FROM NEURALGIA OF THE HEART

The sad intelligence was received from Rhyolite yesterday of the death of Mrs. Ed Busch, formerly Miss Laura Hogan. Mrs. Busch was one of the pioneer telegraphers of Tonopah and first was employed on the old line between here and Sodaville, later entering a local broker's office. She resided here for some time and won many friends by her charming personality. Only a little over a month ago she became the bride of Ed Busch, a prominent business man of rhyolite. She was taken ill a few days ago with neuralgia of the heart and her condition was not thought to be serious. A sister, Miss Mollie Hogan of Reno, was notified and will arrive in Rhyolite this evening, when the funeral will take place. The Rev. Father Butler departed yesterday noon for Rhyolite and will officiate at the services.

### STATUTES FOR 1908-'09 HAVE BEEN RECEIVED

A copy of the statutes of Nevada for 1908-'09 have been received by the Bonanza office from Secretary of State Douglas. The book contains the amendments and new measures as drafted by the last legislature. We will not loan the into any person. They would never return if we did.

### SUMMERFIELD GOES EAST ON EXTENDED VISIT

G. W. Summerfield of Tonopah passed through Winnemucca a few days ago on his way east, where he will make an extended visit. Upon returning he will be accompanied by Mrs. Summerfield and they will probably make their home in Winnemucca.

### DRUM CORPS TO GIVE DANCE IN GOLDFIELD

### WILL HOLD THE AFFAIR DURING STAY OF THE MINING CONGRESS

D. O. Trail, secretary of the Eagles' drum corps, has returned from Goldfield where he made arrangements to give a dance for the benefit of the corps. The date selected is on the evening of September 28, during the stay of the mining congress. The drum corps by that time will probably have sufficient funds with which to purchase their new uniforms, and if there is any excess amount they will take in the Portola fair at San Francisco. This will prove an excellent advertisement for southern Nevada, for their uniforms will be of the prospector style.

### CARLIN'S NEWSPAPER

The first newspaper ever published in Carlin found its initial bow last Friday under the name of the Commonwealth, and it is very very creditable paper of eight pages. It will be non-partisan. A. B. Gray is editor and manager. Few papers can boast that every business house in the town has an advertisement in the home paper, as can the Commonwealth.

### JAMES LANDBOROUGH TAKEN TO HOSPITAL

James Landborough, electrician for the Tonopah Extension, was yesterday taken to the Miners' hospital, suffering from fever. He had only recently returned from California and it is thought he may have contracted malarial fever in that state.

Location notices in triplicate—handiest affair for prospectors and miners—contains carbon—150 notices in book. For sale at the Bonanza office.

### DEATH OF TWO SAILORS WILL BE INVESTIGATED

(By Associated Press.)  
HONOLULU, Sept. 17.—As a result of the death of two members of the crew of the cruiser Colorado, caused by the bursting of a steam pipe during the recent speed voyage of the Pacific fleet from San Francisco to Honolulu, a court of inquiry has been appointed to investigate. Repairs are now being made to the Colorado, but these will not be completed in time to allow the vessel to compete in the speed test off Maui next week.

### BELSHAW INJURED IN AUTO ACCIDENT

(By Associated Press.)  
VENTURA, Cal., Sept. 17.—State Senator Charles M. Belshaw of Antioch was injured in an automobile accident here today. His left arm was broken and he was severely bruised over the body. Belshaw had arrived from Los Angeles on the morning train and was being taken up town by Court Reporter Moss, in the latter's machine, when it collided with another machine. Coming down Main street at a rapid rate, their car ran into the machine of Dr. L. E. Cunnane, throwing the occupants of both machines out. The Moss machine was wrecked. Dr. Cunnane was not injured and was able to attend the injuries of Mr. Belshaw, who is now at the Hotel Rose. His injuries are not such as will confine him to bed, and he went north on the night train. Belshaw is a candidate for the Republican nomination for governor.

### MACHINERY ARRIVES FOR F. G. M. COMPANY

Machinery for the F. G. M. Mining company has arrived and is being put in place. J. B. Giffen, the manager of the company, has returned from a three-day trip to Reno, and is superintending the installation of the plant. It is expected that the machinery will be ready for operation tomorrow. From former work done on the property it is expected that with the new plant a nice profit will be realized from the start.—Manhattan Mail.

### ESMERALDA TAX LIST SHOWS BIG LOSS

Esmeralda county's tax roll for 1909 foots up \$7,487,391 a falling off of \$216,286 from the assessment of last year. The loss is almost wholly on property at Goldfield.

### WE EXTEND OUR HEARTY CONGRATULATIONS

A marriage license was issued at Sacramento Tuesday, says the Sacramento Union, to James S. Grimes of Tonopah and Lempi M. Hokala of Wallace, Oregon. James Grimes of Gold Mountain, when asked yesterday if he was the defendant in this case, announced positively that he was not. According to this there is another James Grimes in Tonopah, and whoever he is, we extend our congratulations.

### CARD PARTY

The Rebekahs will give a card party in the Butler hall Monday evening, September 28. Refreshments and prizes. Everybody invited. Tickets 50c. 9-12-3t

### COOK SAYS HE WILL BE GLAD TO REACH AMERICA

(By Associated Press.)  
NEW YORK, Sept. 17.—Dr. F. Cook, who discovered the North Pole, tonight sent to the Associated Press the following message by wireless from the steamer Oscar II., on which he is homeward bound: "Tell the people of America to have the fullest confidence in my conquest of the pole. I have the records of observations made by me which will prove my claim. I shall be glad to set my feet once more on American soil." The Oscar II. is due Monday.

### INSISTS ON SUICIDE

(By Associated Press.)  
SAN FRANCISCO, Sept. 17.—Engaged in a life-and-death struggle today with Policeman J. C. Curley, who tried to prevent his committing suicide under the wheels of a train, Thomas Reynolds, a laborer, who is supposed to be insane, finally succeeded in hurling both himself and Curley on the tracks just as the rear car had passed. The attempt occurred in the Southern Pacific yards at Seventeenth and Harrison streets. Reynolds was overpowered by railroad employes, who came to the policeman's assistance.

### LAWYER ACCUSED OF ISSUING BAD CHECK

(By Associated Press.)  
SAN BERNARDINO, Sept. 17.—Lamar Harris, a prominent young attorney of Los Angeles, was today formally charged with having passed a fraudulent check upon City Health Officer Ham. Dr. Ham swore to a complaint upon which Justice of the Peace Thomas issued a warrant to Sheriff Ralphs, who has had the wires eastward hot all the afternoon notifying officers throughout the section that Harris is wanted. When last heard from Harris was at Salt Lake.

### LIVE WIRE RENDERERS RESCUERS HELPLESS

(By Associated Press.)  
OTTAWA, Ont., Sept. 17.—A peculiar airship accident occurred at the Ottawa exhibition when Aviator Masar of St. Louis attempted a flight with a dirigible airship. The propeller caught in an electric light wire and checked the ascent. The crowd, seeing the trouble, rushed to catch the falling dirigible. The propeller had stripped the insulation off the electric wire and as fast as people touched the metal framework of the balloon they formed a current with the earth and were knocked down. Four persons were rendered helpless in less than a minute.

### RAILROAD WILL BROADEN GAUGE

### SOUTHERN PACIFIC TO RELAY TRACK FROM MINA TO WADUSKA

MINA, Nev., Sept. 17.—Word has been given out from an authoritative source that the track of the Southern Pacific railway is to be relaid from Waduska to Mina with heavy 89 pound steel instead of the light rail now in use. This work is to begin in a very short time, and is a part of the plans of the company in extending and broad-gauging its line from Mina to Los Angeles over the present line of narrow gauge. Besides this improvement to the system the material is now on the ground for the construction of a complete water power and light system for the town of Mina by the company. The work of construction will begin at an early date.
